Payment modes

You have a choice among several payment options or modes for paying your premium: annual, semi-annual, quarterly and monthly electronic funds transfer (EFT). Each payment mode, other than annual and monthly electronic funds transfer, results in higher total yearly premium costs. Reasons for higher costs include added collection and administrative costs, time value of money considerations and lapse rates. The annual and monthly electronic funds transfer modes have the same and lowest total yearly premium costs. As a result, there is a time value of money advantage to you for paying monthly versus annually. However, there may be other advantages to you for choosing an annual payment based on your preferences. Your agent can explain the differences in modes and help you decide which is best for you. You may change your payment mode, among the modes available, during the life of your policy.

Section 7. Important statements

1. You do not need more than one Medicare Supplement policy.

2. If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

3. You may be eligible for benefits under Medicaid and may not need a Medicare Supplement policy.

4. If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing Medicaid eligibility. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

5. If you are eligible for, and have enrolled in a Medicare Supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare Supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare Supplement policy under these circumstances, and later lose your employer or union-based group health plan, your suspended Medicare Supplement policy (or, if that is no longer available, a substantially equivalent policy) will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare Supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of suspension.

6. Counseling services may be available in your state to provide advice concerning your purchase of Medicare Supplement insurance and concerning medical assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicare Beneficiary (SLMB).

Section 8. Producer compensation

When you purchase insurance from us, we pay compensation to the licensed agent. Intermediaries through whom the licensed agent works may also receive compensation.

The agent or intermediary represents us by simply taking your insurance application, collecting your initial premiums and delivering your policy.

Agent compensation may vary depending on the type of insurance plan you purchase or the specific options included with your policy. The agent can receive compensation by:

- Commissions when a policy is purchased or renewed
- Fees for marketing and administrative services
- Educational opportunities

Some agents and/or their intermediaries may also receive discounts on their own policy premiums and bonuses. We may also offer incentive trips or prizes associated with sales contests based on sales criteria. Types of sales criteria include overall sales volume of an agent or intermediary with our companies or percentage of completed sales.

Intermediaries may also pay compensation directly to the licensed agent. If the licensed insurance agent can sell insurance policies from other insurance carriers, those carriers may pay compensation that differs from ours.
