Feel confident in your decision

A Medicare Supplement insurance plan, also called a Medigap plan, is a separate policy that works with Medicare Part A (hospital services) and Part B (doctor's services and supplies) and helps you manage your medical costs. Cigna Medicare Supplement insurance¹ helps protect you against high out-of-pocket costs by helping pay for eligible health care expenses not covered by Medicare.

Freedom to choose your doctors

You can use any doctor who accepts Medicare. There are no provider networks or referrals required.² So, you can go to the doctors you know and trust.

Value for your money

Our goal is to provide cost-effective coverage without sacrificing the quality service and support you deserve.

1. Cigna Medicare Supplement Insurance is insured by Cigna Health and Life Insurance Company.

2. In some cases, a referral is required by Medicare. Choose any doctors who accept Medicare.

Service you can count on

Our knowledgeable, caring representatives are ready to assist you by answering your questions and providing guidance. We aim to provide fast, friendly and efficient customer service at all times. Our claims team is also hard at work for you behind the scenes. Medicare Part A and Part B claims are managed electronically, which eliminates paperwork for both you and your doctor.

Access to benefit information

You have access to your benefit and claim information online. Set up automatic premium payments, print a temporary ID card, update your contact information, and review claims on your computer, tablet, or phone — anytime, anywhere.

Guaranteed renewable policy for life³

Your policy is guaranteed to be renewed if premiums are paid on time. And you cannot be singled out for a rate increase based on your health, no matter if your health changes. Premium rates change annually. Your premium may also change if the premiums for all policies like yours in the state where your policy was issued change or if coverage under Medicare changes.

Health Information Line

A health advocate is ready to help answer your health questions and guide you to find the right care. Call and get the help you need 24 hours a day, seven days a week.

Exclusions and limitations

The benefits of this policy will not duplicate any benefits paid by Medicare. The combined benefits of this policy and the benefits paid by Medicare will not exceed 100% of the Medicare eligible expenses incurred. These policies will not pay benefits for:

- › The Medicare Part B Deductible (not applicable in plans F and High Deductible F);
- › Any expense which you are not legally obligated to pay; or services for which no charge is normally made in the absence of insurance;
- › Any services that are not medically necessary as determined by Medicare;
- › Any portion of any expense for which payment is made by Medicare or other government programs (except Medicaid); or for which payment would have been made by Medicare if you were enrolled in Parts A and B of Medicare;
- › Any type of expense not a Medicare-eligible expense except as provided for in the policy; and
- › Any deductible, coinsurance or copay not covered by Medicare, unless such coverage is listed as an additional benefit in the policy.

Preexisting conditions

These policies will not pay for any expenses incurred for care or treatment of a preexisting condition for the first six months from the effective date of coverage. This exclusion does not apply if you are applying for and are issued the policy under guaranteed issue status; if on the date of application for the policy you had at least six months of prior creditable coverage; or, if the policy is replacing another Medicare Supplement policy and a six month waiting period has already been satisfied. Evidence of prior coverage or replacement must be on the application for the policy.

If you had less than six months prior creditable coverage, the preexisting conditions limitation will be reduced by the aggregate amount of creditable coverage. If the policy is replacing another Medicare Supplement policy, credit will be given for any portion of the waiting period that has been satisfied.

A preexisting condition is a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the policy effective date of coverage.
