You may obtain dental care for covered dental services from any licensed dentist. No matter which dentist you choose, you will be eligible for some level of benefits for covered dental services. However, when you use an in-network dentist who participates in the PPO network, that dentist has agreed to provide dental care at negotiated fees. For in-network dentists, you will not be responsible for the difference between your dentist’s submitted amount and the scheduled fee amount that the dentist has contractually agreed to accept as payment in full. The PPO network used by this policy is DenteMax Plus.

If you select a dentist who does not participate in the PPO network, your out-of-pocket expenses may be greater. For out-of-network dentists, you will be responsible for the difference between your dentist’s submitted amount and our payment. The amount we use to calculate our payment will be the lesser of the dentist’s submitted amount or the 80th percentile amount for covered dental services as identified by the Dental Charges Database.
